REOPENING OF THE SERVICE AND A SERVICE AND A

hire power which charac erizes the industry and tibil a few years just, and yet on reflection Ages. It starts out at the count wher trention which had not its beginning in the thirty years. In that period occurred the most signal development of the application of the number of the period was signal development of the application of the number of the period was signal development of the application of the number of the period was signal development of the application of the number of the period was signal and the period was the darkest period and the period occurred the most of the period occurred the period o railroads and ocean steamships: the discovery architecture advanced rapidly, first the Bounded of other; and the perfection and diffusion of esquesty), then followed the fictible s They of other; and the perfection and diffusion of some of the most price is contributions over make to the welfare of numbind. In 1835 only 184 interest of railroad had been competed in the Control States; in 1846 they have been employed in the Control States; in 1846 they were usary point; tripled 3768. In 1835 Boston was connected with Wercester, and Baltimore with Washington; from Philadelphia he travelir could go no further west by rail can the Susquehunja at Columbia. In 1839 Ericson broucht over the proposite of these brapitable shows: In 1846 they kneed a state of the winders of cerlistaginal at Columbia. In 1839 Ericson broucht over the proposite of these brapitable shows: In 1846 the Control of the winders of cerlistaginal architecture and four lady of the Assumption. When tolorated. The first regular ship, the Britannia conclude Poston after a trip of four generally and eight, tours. Morse's telephone what of the legion of the Volence of the Washington. The first regular ship, the Britannia conclude Poston after a trip of four generally and eight, tours. Morse's telephone what of the legion is determined in the Columbia of the proposition of the State of Land. Allantic, was at last a behilized by our own government, and in 1844 communication was opened betagen, Baltimory and Washington. What hath God Weynoglt?" signalled Morse at the national appital to Albert Vill sq Baltimore. The news dispatches to the press. "by colector-delegraph" or "by magnetic telegraph" were meagre, while public patronage was "by colector-delegraph" or "by magnetic telegraph" were meagre, while public patronage was "by colector-delegraph" or "by magnetic telegraph" were meagre, while public patronage was "by colector-delegraph" or "by magnetic telegraph" were meagre, while public patronage was "by colector-delegraph" or "by magnetic telegraph" were meagre, while public patronage was "by colector-delegraph" or "by magnetic telegraph" were meagre. of ether; and the perfection and annual second second of the most price is contributions ever because of the most price is contributed. To 1835 only continued to the contribution of the official at the capital— as is bour. In April, 1946.

A. L. Bancott Co., Ser Friedler.

A. L. Bancott Co., Ser Friedler. found the cine to the wilconizing of rubber. but the process was not reduced to a certainty till 1844. At about the same time 1844 172 the McCormick responses confirming the irnow world of the imported into the United States from Portugal by Elias Howe in 1848 was patented in 1846, the importance of his invention was not a fully realized for more than a dozon years atterward. The daspierrolype dates from 1839, and in 1840 the enterprising Kr. Plumil bear laking likenesses in Boston—with small successfor many months. Five years later in galleries were to be found not only in that city-rat in New York. The Indelphia, Balthmore, Washington and even De buque, Lown. Finally, Indelphia, Patrick, and the standard of the ward-ingering may be paten was issued for Hoe's lightning press, with its impression cylinder—the type resolving on a circular bed and. and the Baltic. The sewing machine devices the type revolving on a circular bed and a Rev Coorsio and the Santa Fe Truit. New York: printing especity of 10,000 to 20,000 inc. Harper & Brothern. For sale by Bancruit & Co., San Francisco.

most every one of them is of long antislow growth. During thirty years little has been one boyond perfecting ; revious discoveries. . cocoed very cautiously; and the Irish actiat ow far they can go in inortant "state trial" in Great Britain since ere of higher rank and are shofation than the Fenishs. Government seems Soverment gere the trib were sorely disappointed when the government failed to accomplish any legislation for the relief of Ireland, through liberal intentions of Mr. Gladstone lowards Ireland encouraged the agitators to take bolder steps to express their disappointment than of Neds and the sedition of the Irish people the Gladitone government has been driven into a position of apparent persecution of those it would gladly relieve. This apparent persecution is registed more vigorously, as coming from friends than if it came from enemies. This is the difficulty of the Irish situation. Its fature is dot easy to ference. The government will striainly push the trials to their necessary result. It will push sedition while it does all a liberal as by a tury government. MOREY S ADMINISTRATOR.

pressions per hour. Even the gor

that the light is only now coming into familiar

ginning of the present generation. The fact it est every great intention is a growth, and al-

One of the leatures of the Morey lorgery, as claborated and paid for by Barnum's commit-tee, was a letter purporting to have been written by the administrator of the Morey estate. That letter was telegraphed all over the liquited States by Barnem. The purpose was of -course to bolster up the original largory. The letter purposed to be the letter sends the editor of the paper which printed the original document attributed to General Garneke, and

tified two or three days ago before Justice Davis in New York, that no such man as John W. Goodall lives in Lynn; that he himsoon of coordinatives in Ayran; that he has self is the unity J. W. Goodall in the place; that he not only never was administrator of the estate of Henry Liquidorey, but that he never force estruction of its rainroad to the Pisture knew of a man of that name, livium or need, than it withthink illoughkly have given, after know of a man of that name, norms on the work is completed. Those who are so fortunate as to possess the

fine library selition of Maronelar's Histo place alongside of that edition these five com panion volunies, embracing everything, beside the History, from the pen of Macauley, and edited by hissister, Lady Trevelvan. The first three volumes contain the Essays. In the fourth are the biographies of Atterbury, Bunyam Goldcyclopedia Britannica; the introduction to and

Mr. A. A. Hayes, Jr., needs no introduction to the readers of Harper's Monthly, where the vivacity of his pen has made him welcome. He has here collected five articles, which have thom a clispter on the characteristics of the Booky Monatoin regionals a resort for invalida, with a light other new matter, The contents

The Irish question is the never settled probitm of overy British minestry. Atthis times it is
to think about. Where the measure of their years than three scote in inchies—which appeared in the government sattor more than usual in Harper's. Mr. Huye's papers ore the result to think about. Where the measure of therety is

of extensive personnel observations, of which is personnel observations, of which is gives his readers the beautiful in a very interesting form. You, that he takes given corrects gives his resident the beautit. In a very interest ling form. Not, that he takes given care to be japortate as to his facts is crident from the prefact, where he accounts for his omission to give much space to mines or mining loperations by some shrewd observations as to the difficulty of knowing arrything certainly about that specie of property and the shifting nature of wha knowledge one may get on the subject.

The anonymous auther of this book, which he vouches for as "a true story," calls himself "A Victim." In 1860, encouraged by the mag-Gen. Rolleric Dh. Dobson, the "victim" left the north with his family, and bought a planas revolt on a large scale. The "Promise" was a return of \$108,000. The net of Ireland is a permanent griovance actual "Besult" was \$6564. 27, leaving a defect of \$101,385.73. His trials and troubles during they had harvests, through which hold the year following his emigration to the south the year following his emigration to the south the year following his emigration and demonstrates in a vivacious manner, and demonstrates in a vivacious manner, and demonstrates in a vivacious manner.

ral party to power in the British rorthorners who emigrated to the south att ment made during the dozen or here year.

The dozen or here year of wreck."

Lis confinion is that the dozen or here year.

Else confinion is that the dayen of wreck."

Is uncess, and such, he is forms the internet of an access, and such, he is forms of southern peape who have to deal with their. There is p.o. who have to deal with them. There is no resubstantial prosper ty at the south now than before the war. Still, however, there are per finne of the south where any one inimical to ishipply tolerated, and "there are regions—alas" a great many—where, his personal Jafety would be in question." The book is calinable as a pitture of a time possing away hald a last yell-written and entertaining.

were paid by the democratic national commit is power to remove real greivances. If a re-th occurs it will be grashed as effectually by not no person or persons whom the managers hired to commit the original forgery.

The men who cought to be sent to the pention-tiary as the principal criminals are those noted democratic hadors. Baruum and Huwittl Their crime, subornation of forgery and perjury is gross, open, palpable. It group, becomes a party with such leaders to asserthat their opponents earlied the election by fraud! The very existence of the party of Barram and Elewitt, as new constituted and led has become a crime.

Rarision of the returns of the election in transmitting that document for publications, this date gives results as follows: Republican transmitting time document for the property of the result in the state can now be given, repullican analonity on the official count. likely to go above 600 and will act fall below

THE ROYA STUDENT.

THE ROYA STUDENT.

In the year 170 of a university of Huderburg differed but fitth from that of the present day, save in point pt rumbburg the same mixture of ranks and relasses, and the Rame synapering, half-military outing parsonages, pipe in month, were then, is now, to be seen at all times, parading the priscipal streets. The stident at a forman and resity by a sortinge being an odd compound of ducling, shooking, billiard, playing, hes-making, and study, but still there are some whose object is to study alone, who lead a quet, regula, lift and pass through their terms unnotified, save by their class-fellows; and just surban one was Karl Lobbotz. He lodged at the house of a widow lady, who had billiarto declined receiving any of the students, her reasons, seingstwe-fold, dirst, she had wharfwithal to nake her yearly oxpenses meet without straining, and secondly, her carrand solicitude for the wolfare of the pretty Adeline, ker only dauther, clearly pionfred out to her that a gay and ruttling student would ill accord with-her exampence two.

For samples were, however, removed by a note from Mr. Reiglums, the principal banker, requesting to know whether she would have any objection to weathers were in highest re-

Lethetz artived.

In short time McKmo Hartmann began to find that Mr. Karl was a concreasily pleasant young man; he was jo quiet that size fould scarcely believe she had registred my addition in her homehold; thore was no smoking from morn till night, no bottles of beer strewed about the rooms in all directions, and no carousing all night with his fellow-students; in fact, she began to consider him more as a friendly guest than a ledger. On his first-arrival, the pretty Additine whose expectations and our being had been petited in the highest guest than a lodger. On his first arrival the pretty Addine, whose expectations and curiority had toe a scited, in the highest degree, expressed he self rather; disappointed; there was a chil imp hauter about him which she could not at all anderstand; but in a short time this wire sway, and Adoline began partly to coincide with him mother's opinion, in thinking him year typestales, and partly to go rather farther than Malaine Hartmann had done, in thinking him year typestales, and partly to go rather farther than Malaine Hartmann had done, in thinking him way handsome young man.

mean shorty, in a work of neuton, boddy, to rike out a new reading for myself; but it it be easent time, as T. ha.to. to do with stubborn ets, I must be contact to jog on in the old-shlored way, and stroit that there was some ath in the surmises of an attachment between r. Earl and the prest; Adelino; had perhaps was not so wender it, that such should be to seen all things impediated for it disting fr. Karl and the prest: Adeline; and perhaps to wasnet so wendered; that such should be he asse-all things ; considered—for thisbline; reason to the same that the sum of the same that it was a sum of the same that you were lured away by her fascine is one ere you high time, altogether to make up our maind that you were doing anything more aban considering her is a very agreeable sort of abpersion. As for Mr. Karl, I cannot, has mosel historian, quit agree with Adeline in aying no was yery handsone. He was quite in his manners, dog; at he appearance, and anost historian, que ying no was yery handsome. He was quiet a his mouners, elegent in appearance, and articularly attention as to the make and ar in feet, it amounted in

is a treatment to the season for advanced to be be be to retreat, however much storn necessity night point out the produces of sach a stop n consulting with himself, he could only see me groat obstacle that presented itself—his atter in selfing him o Heidelburg, and specifying the various requirements necessary for his con, that never soid, a word about devito, and the suitch doubted whether such a thing had year isoon thought of—and even fail it been in contemplation, he was tolerably sure that much as he pright admire the charms, the obscurace and disposition of Ade ine, his father would not consider them sufficient, without the bijance

tors went too far, to mow semedling shout Mr. Karl Ludget; it, vas true Mr. Reisthaus had stated his family o be of the highest respectability, and that he was instructed to house risi draftly to any amenut—all that might be very wall at far as their original position was concerned, but semething more, shis thought, ought to be known, as matters seemed to be the concerned of the semething a different turn. So one day, inding the opportunity of maing a prome accounts with Mr. Besithaus to be very convenient, she stated at once what were her suspicious, and legged to know who and what the elder Mr. Hielests might be.

beggal to know who aid what the elder Mr.
Liebbat might be.

The worthy banker assened somewhat posed at such a downright question, for he stared at madame through his speciales as if she had been a newly discovered error in his ledger, but the scrutiny was unsatisfactory, for tholiady had served up her runningangu in the most determined manner, and like Bruttes her passed for a reply.

"This is an awkward business, madame, yes, foined the banker.

Joined the lanker.

"An awkward businers?" responded the indy
in surprise.

"Yery?"

"I really don't understand you, Mr. Rajs
thans."

"See for resear, rails, i offer good to choice, 27 feet
50 feet. The land of the rails of the will bring
60 feet with the land of the rails of

thaux."

I am'norry for it, in idame, but to explain.

It is a pity your doughter should love Mrkfarl and it is a pity that Mr Karl should be originated of the young haly, because there can be no marriage in the case."

screamed he astenished mother.

"What," iscreamed 'no, assonished monner, 'non marry my daughter,'
"Perfectly out of the question,'
"Is he married already?"
"Certainly not."
"Than, what is there to prevent him?"

"He has a father."
"Doubtless."
"And his father is——"
"What?"

"What," madame, I am not exactly at liber we will be used to explain, but as a friend to yourself and family, believe me whom I say it is quite implies the that is, merriage orn, under any circumstances taking place, therefore I would advise you, as adon as possible to put a stop to this courting.
